

Water Filtration Systems

Insurice 2000 Single

- System Part No. EV9324-01
- 1/2 micron precoat filtration with self-contained scale inhibitor feed.
- Application:
 - Most cubers up to 750 lbs./day
 - Most flakers up to 1,500 lbs./day
- Max. Flow Rate: 1.67 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-21 | I-2000 Replacement Cartridge (1 pack) |
| EV9612-26 | I-2000 Replacement Cartridge (6 pack) |

Insurice 2000 Twin

- System Part No. EV9324-02
- (2) 1/2 micron precoat filters with self-contained scale inhibitor feed.
- Application:
 - Most cubers up to 1,450 lbs./day
 - Most flakers up to 2,200 lbs./day
- Max. Flow Rate: 3.34 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-21 | I-2000 Replacement Cartridge (1 pack) |
| EV9612-26 | I-2000 Replacement Cartridge (6 pack) |

Insurice 4000 Triple

- System Part No. EV9325-03
- (3) 1/2 micron precoat high capacity filters with self-contained scale inhibitor feed.
- Application:
 - Higher volume, higher capacity ice machines
- Max. Flow Rate: 5.0 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-31 | I-4000 Replacement Cartridge (1 pack) |
| EV9612-36 | I-4000 Replacement Cartridge (6 pack) |

Insurice 4000 Quad

- System part No. EV9325-04
- (4) 1/2 micron precoat high capacity filters with self-contained scale inhibitor feed.
- Application:
 - Higher volume, higher capacity ice machines
- Max. Flow Rate: 7.3 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-31 | I-4000 Replacement Cartridge (1 pack) |
| EV9612-36 | I-4000 Replacement Cartridge (6 pack) |

Water Filtration Replacement Cartridges

I-2000 Cartridge

- 1/2 micron precoat filter cartridge with self-contained scale inhibitor feed. NSF-listed for T&O and chlorine reduction, Class I submicron particulate reduction and cyst reduction.
- Capacity: 9,000 gallons at 1.67 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-21 | I-2000 Replacement Cartridge (1 pack) |
| EV9612-26 | I-2000 Replacement Cartridge (6 pack) |

I-4000 Cartridge

- 1/2 micron precoat filter cartridge with self-contained scale inhibitor feed used when higher capacity filtration is needed. NSF-listed for T&O and chlorine reduction, Class I submicron particulate reduction and cyst reduction.
- Capacity: 12,000 gallons at 1.67 gpm

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9612-31 | I-4000 Replacement Cartridge (1 pack) |
| EV9612-36 | I-4000 Replacement Cartridge (6 pack) |

KDF® Series Cartridges for Slime and Scale Control

- Combine 1/2 micron precoat filtration and KDF® technology for scale and microbial build-up control.
- Capacity: 7K-Plus 9,000 gallons

| PART NO. | DESCRIPTION |
|-----------|--|
| EV9612-81 | 7K Plus Replacement Cartridge (1 pack) |
| EV9612-86 | 7K Plus Replacement Cartridge (6 pack) |

- Capacity: XK-Plus 12,000 gallons

| | |
|-----------|--|
| EV9612-91 | XK Plus Replacement Cartridge (1 pack) |
| EV9612-96 | XK Plus Replacement Cartridge (6 pack) |

CB-Series Cartridges

- CB5-S Series 5 micron carbon block filter for chlorine taste and odor reduction with scale inhibition.
- Capacity: 4CB5-S 6,000 gallons
7CB5-S 10,000 gallons

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9617-26 | 4CB5-S Replacement Cartridge (6 pack) |
| EV9618-26 | 7CB5-S Replacement Cartridge (6 pack) |

- CB5-K Series 5 micron carbon block filter for chlorine taste and odor reduction with KDF® technology for scale and microbial build-up control.
- Capacity: 4CB5-K 6,000 gallons
7CB5-K 10,000 gallons

| PART NO. | DESCRIPTION |
|-----------|---------------------------------------|
| EV9617-36 | 4CB5-K Replacement Cartridge (6 pack) |
| EV9617-76 | 7CB5-K Replacement Cartridge (6 pack) |

Steam Applications

KleenSteam AR-X

- System Part No. EV9797-00
- A total system approach for steamers, providing high quality water plus deliming capabilities, accomplished without boiler disassembly.
- Application:
For use with boiler base steamers.
- Max Flow Rate: 1.5 gpm

| PART NO. | DESCRIPTION |
|---------------------------------------|---|
| EV9618-11 | 7CB5 Replacement Cartridge (1 pack) |
| EV9618-16 | 7CB5 Replacement Cartridge (6 pack) |
| ➤ NOTE: Replaces CV and XC Cartridges | |
| EV9496-10 | AR-10 Replacement Cartridge (1 pack) |
| EV9496-16 | AR-10 Replacement Cartridge (6 pack) |
| EV3080-40 | Dip Tube Assembly |
| EV9796-01 | ScaleKleen™ Scale Remover (2.2 lbs. packets. 4 pks./case) (English/French) |
| EV9798-01 | ScaleKleen™ Scale Remover (2.2 lbs. packets. 4 pks./case) (English/Spanish) |
| EV9794-00 | KleenSteam without Dip Tube and ScaleKleen™ Scale Remover |

KleenSteam AR-X Feeder

- Part No. EV9797-02 Feeder Only
- For use only with existing Everpure filter systems. System includes (4) 2.2 lb. bags of ScaleKleen™, dip tube, flow regulator, check valve, mounting bracket and screws.

| PART NO. | DESCRIPTION |
|----------|--|
| EV496-10 | AR-10 Acidulent Replacement Cartridge (1 pack) |

KleenSteam CT

- System Part No. EV9797-50
- A total system approach for evaporative steamers, providing high quality water plus deliming capabilities.
- Application:
For use with countertop steamers.
- Max. Flow Rate: 1.0 gpm.

| PART NO. | DESCRIPTION |
|-----------|--|
| EV9617-11 | 4CB5 Replacement Cartridge (1 pack) |
| EV9617-16 | 4CB5 Replacement Cartridge (6 pack) |
| EV9496-10 | AR-10 Replacement Cartridge (1 pack) |
| EV3080-40 | Dip Tube Assembly |
| EV9796-20 | ScaleKleen™ Scale Remover (7 oz. -200 gram- packets. 24 pks./case) (English/French) |
| EV9798-20 | ScaleKleen™ Scale Remover (7 oz. -200 gram- packets. 24 pks./case) (English/Spanish) |

QC7-DM

- System Part No. EV9276-01
- Demineralizing Filter. Prevents scaling deposits by removing minerals. Lowers alkalinity and pH.
- Application:
Provides demineralized "distilled" water for low capacity flash steamers, sterilizers, and warmers that are not emptied each day.
- Max. Flow Rate: 0.5 gpm Capacity: 10,500 ppm

| PART NO. | DESCRIPTION |
|-----------|------------------------------------|
| EV9607-01 | 7DM Replacement Cartridge (1 pack) |

Combination Systems

Combination Systems, Multiple Applications

| PART NO. | DESCRIPTION |
|----------|---|
| 9612-05 | MC Cartridge Hi Flow Systems, C-Stores, Chain Restaurants, T&O |
| 9613-96 | XC Cartridge Same as MC but Higher Capacity, Longer Life |

Ice Related Products

| PART NO. | DESCRIPTION |
|----------|--|
| 9612-26 | Insurice 2000 Cartridge Cuber and Flaker Ice Making Equipment, Scale Control |
| 9612-36 | Insurice 4000 Cartridge Same as 2000 with Extended Life for Larger Machines |
| 9617-16 | 4CB5-S Cartridge 5 Micron, Block Carbon, Scale Reduction, Low Cost |
| 9618-26 | 7CB5-S Cartridge 5 Micron, Block Carbon, Scale Reduction, Longer Life |
| 9617-76 | 7CB5-K Cartridge 5 micron, Block Carbon, Slime Control |
| 9498-41 | IMF (Ice Machine Feeder) Feeds Scale Inhibitor for Ice and Coffee Application |

Coffee and Espresso Related Products

| PART NO. | DESCRIPTION |
|----------|---|
| 9618-06 | OCS Cartridge 1 & 2 Pot Brewers, Low Volume, Scale Reduction |
| 9612-01 | BH Cartridge 1, 2, and 3 Pot Brewers Scale Reduction, T&O |
| 9613-06 | MH Cartridge 5 Pot Brewers, 5-15 Gallon urns Scale Reduction, T&O |
| 9100-07 | IN-12 In Line Filter Small Brewers, Scale Reduction, T&O (Inexpensive) |
| 9607-04 | 7SO Softener Cartridge 2000 Gr. Capacity Used in Espresso Applications |
| 9105-45 | SO-204 Softener Cartridge 4500 Gr. Capacity Larger Espresso Applications |

Steam Applications

| PART NO. | DESCRIPTION |
|----------|---|
| 9625-06 | CV Cartridge (5 Micron) Used in "KleenSteam System" Removes Chlorine and Dirt |
| 9622-16 | SCV Cartridge 5 Micron Precoat - Same as CV, Longer Life |
| 9496-10 | AR-10 Cartridge Acid Feeder in "KleenSteam System" Scale Reduction |

Prefilters (Sediment Only)

| PART NO. | DESCRIPTION |
|----------|---|
| 9534-12 | EC110 Prefilter Cartridge (12 pk) 10" Sediment Filter - Fits All Makes 10" Bowls |
| 9534-40 | EC110 Prefilter Cartridge (40 pk) |
| 9534-26 | EC210 Prefilter cartridge (6 pk) 20" Sediment Filter - Fits All Makes 20" Bowls |
| 9534-20 | EC210 Prefilter Cartridge (20 pk) |

Dish Machine/Warewashing Applications/Proofer

| PART NO. | DESCRIPTION |
|----------|--|
| 9799-22 | HTS-10 KleenWare System Dish Machines, Hot Water Fed, Booster Heaters |
| 9799-22 | HT-10 Replacement Cartridge Scale Reduction for Booster Heaters |
| 9799-02 | ScaleStick Scale Reducer for Proofer, Coffee Equipment (Cold Water Fed) |
| 9100-01 | A-10 Clear Bowl Housing for ScaleStick (Also Used for Prefilters) |
